

## Enrolment Form for 2021 Culturally based Taiao Management

### Tena Koutou Katoa

On behalf of Te Arahanga (<https://tearahanga.co.nz/>) we would like to invite you to learn with us in a culturally based taiao (environmental) management program. The program will be based in Te Taihū (Top of the South) and will be run on a weekend wananga (5 throughout the year) and online session (2 per month). Attached is also the schedule for this years training. For those outside the region we can accommodate your needs, but we would need to form cluster of a minimum of 10 and work with you to accommodate wananga in your area. Cost may vary dependant on location.

Te Arahanga, since initiation in 2014, was founded on a core set of values that reflect the taiao tikanga and kawa we, as Kaiako, were raised with. Te Arahanga also seeks to enhance existing mātauranga māori with some modern skills to reinforce our kaitiaki obligations to both our tūpuna and our future generations.

We are fortunate within Te Arahanga whanau to have some of the top taiao practitioners available. Last year we were also fortunate to have been sponsored for a small film clip by our sponsors <https://www.youtube.com/watch?v=XnAhVJfTUPE&feature=youtu.be> and you can judge for yourself if this is the course for you.

This year we have been fortunate enough to gain some funding from Te Putahitanga and are able to offer the course at a subsidised rate but if you cannot afford it and are passionate about your taiao please contact us:

Course cost will be \$250 per wananga per head. This includes cost of accommodation, kai and course material. You will be responsible for transport to the wananga or departure point and personal clothing. At each wananga we will send a list of recommended principal equipment.

Enrolment Forms are set out below. Please fill out the form and email it back to [geoff.mullen@outlook.co.nz](mailto:geoff.mullen@outlook.co.nz). Any enquires can be made to this email address or by phoning 021417828.
